

Reopening Face-to-Face Meetings

Many in our SMART community are eager for local face-to-face meetings to resume. SMART Recovery's Board of Directors advises to continue local online meetings until your meeting place and participants have both clearly agreed to resume face-to-face meetings.

In resuming a meeting, please exercise caution and prudence, and observe all guidelines set by local governments and health departments.

To resume a Face-to-Face meeting:

- Submit a Meeting Change Request form to have a note added to your meeting.
- Your meeting will be marked as "RESUMED IN-PERSON" or "In Person & Online" on the listings page, and the conditions/guidelines you submit will be posted in the meeting details.

The decision to resume face-to-face meetings is yours, as the meeting facilitator. Please consult your regular participants first, to ensure they are supportive.
