

SMART RECOVERY FOR TREATMENT PROFESSIONALS

At SMART Recovery, we believe that individuals with addictive problems need to know there are multiple pathways to lasting change and freedom from negative behaviors. If you work in the behavioral health treatment industry and think similarly, we want to partner with you.

Our SMART Recovery for Professionals training course is designed for addiction professionals who wish to use SMART Recovery's self-empowering, science-based 4-Point Program in their efforts to support recovery. Individuals under your care can benefit from SMART Recovery's practical tools and mutual support. A variety of SMART resources are available to help professionals and their patients or clients, including:

- A growing network of free in-person and online meetings.
- 24/7 access to online recovery tools and message board.
- A science-based and non-religious alternative for recovery.
- A program that supports medication-assisted treatment (MAT) as a valid recovery option for many.
- SMART Recovery Handbooks, Facilitator's Manuals and other publications tailored to specific audiences, available in a variety of languages.

This professional training is available in an online, self-study format. We also offer onsite training for groups, which can include licensed and unlicensed professionals. This training can also be conducted using Zoom videoconferencing. Please visit <https://smartrecoverytraining.org/> for additional information on group rates and other details.

SMART Recovery USA, Inc., is a NAADAC-Approved Education Provider (#86948).

SMART Recovery for Treatment Professionals with Addiction

Because your privacy is important to us, SMART Recovery holds a restricted-access online meeting for licensed professionals who need support recovering from addiction problems. SMART also has a manual devoted to this subject titled Motivational Guide and Workbook for Recovering Healthcare Professionals.
